MAGI's flexible model clinical trial agreement streamlines the process of negotiating clinical trial agreements, thereby taking months out of the drug development timeline and speeding medical products to market. It also reduces study start-up costs and aggravation for sponsors, sites and CROs. Our 3,000+ current members represent most of the major players in the industry.

Membership is free. Learn more about joining MAGI or sign up today at <http://magiworld.org/>.
